

Orthopaedic Surgery – Visiting Medical Practitioners at Armadale Health Service

Some specialists who practise privately also have access to public surgical lists within the Armadale Health Service. The specialists listed in this document require a named referral to their private rooms for an initial outpatient consultation. The initial consultation may result in a cost to the patient but where surgery is required, the specialist can provide this in a non-tertiary public hospital (where clinically appropriate) at no cost to the patient.

Referral to one of these Visiting Medical Practitioners (VMP) may result in shorter waiting times for patients and referrals should be sent directly to the Specialist's rooms.

Please note that some VMP services require a co-payment to be made by the patient. Contact the VMP to confirm if co-payment is required.

Doctors referring patients to VMPs are encouraged to make the patient aware of potential out-of-expenses at the time of referral.
